

## **Purpose of the Transition Team**

***This Committee exists for the purpose of making the recommendation to the church to unify our Sunday morning services and making recommendations to the church as to what they believe will help this transition to a unified service a success.***

The Transition Committee recommends the following motion:

1. That Bethel Baptist Church start Sunday School at 9:00a.m. and then go to a single worship service on Sunday morning starting at 10:15 a.m. in the main sanctuary to start on January 7, 2018.
2. That the church authorize the Property and Space Committee and Stewardship committee to spend up to \$70,000 for the first phase to upgrade our worship facilities in the main sanctuary. The first priority is to hire a sound engineer to create a plan to fix acoustical and electrical systems, and then to upgrade lighting as funds are available.
3. That the church incorporate more youth, students, and younger families into places of service before, during, and after worship.
